THE ELIMINATION OF THE NEGRO AS AN ISSUE.

Referring to the recent three-days anti-McLaurin political meetings in South Carolina, the Charlotte Observer says that one of the things made manifest by those meetings is, that the disfranchisement of the negro, while it has driven him from the polls, has not taken him out of politics.

At the time the constitutional amendment disfranchising the negro was pending, it was boldly asserted by those whose chance to get into power and secure offices depended upon the adoption of the amendment, that the disfranchisement of the negro would eliminate him from politics, and forever still the cry so frequently heard and so basely used—"nigger domination."

In a self-laudatory announcement, teeming with fulsome praise of its own accomplishments, the esteemed News and Observer, among other interesting things, has the following to say: "The News and Observer has no enemies except the enemies of the Democratic party, and its straight forward policy has caused it to be recognized as the chief exponent of Democratic doctrines and Democratic policy."

In a spirit of utmost respect, for the purpose only of seeking light on a subject interwoven with much that is mysterious and perplexing, we would like to inquire if the article of Democracy dispensed by the News and Observer is really the genuine thing to which all the faithful must subscribe. We had always supposed that the respected Morning Post and Charlotte Observer were devoted to spreading the orthodox Democratic creed, and were also of the opinion that the News and Observer did not claim very much in common with our other two enterprising friends.

At last it has come. Not the millennium, nor yet the dethronement of the Simmons' Redshirt Machine, but something of vast and far-reaching importance—namely: a society for the "Suppression of Spurious Titles." Of all the opportunities that have been offered to reformers none should prove more inviting than that which seeks to prevent the cheapening of the honors which a begrudging world bestows upon its favorite sons.

Of generals, colonels and captains galore The dozing old earth has such a store That he who would shun oblivion's shore Must be a plain private and nothing more.

It is said, in fact, that today the number of generals, colonels, majors, captains and humble officers is so prodigiously large that there is room for serious doubt as to whether or not any private at all served in the civil war. We may look for the new society to settle, once for all, this momentous question, and if it accomplishes nothing more it may rest in the consciousness of duty well and faithfully performed.

The investigation, however, might be made to cover a much greater scope. For instance, the society might look into the question of who is and who is not entitled to the appellation "Democrat," and thus conclusively determine, without resort to further electrifying, hot-air contests such as South Carolina has lately seen, whether Tillman is the genuine article or whether his warlike opponent represents the only original, 18-karat, simon-pure brand of Democracy.

We notice that the Raleigh Morning Post is advertising for a second hand cane mill. Well it needs to be fed on sweets for a while. Tillman of South Carolina, has at last found something worse than "Negro Domination."

WAR ON THE TRUSTS.

ABOUT 14,000 JOIN THE STRIKE AGAINST STEEL MANUFACTURERS.

The Ohio Steel Workers Failed to Obey The Order—A Fight for Mastery Between Manufacturers and Steel Workers. Pittsburg, Pa., August 12.—The struggle for mastery between manufacturers and men in the steel industry is now fairly launched, and on the first show of strength advantage is with the former. The general strike order issued by President Shaffer, of the Amalgamated Association, has so far been obeyed by about 14,000 men, according to the best figures obtainable here. The first two preliminary calls were answered by about 40,000 men, so that the total number now out in the neighborhood of 60,000.

The strikers made gains here today over the showing of last night and their prospects for further success at both McKeesport and Wheeling during the week are very favorable. The action of the Amalgamated men at Chicago, Joliet and Bay View in refusing to come out and their failure to secure any recruits in the Carnegie group throughout the Kiskiminetus Valley and the big plants at Youngstown and Columbus, Ohio, have been markedly disappointing to them. They are keeping up the fight, however, in a spirited manner and claim that they have strength in reserve which will surprise their opponents. They assert that they have gained a foothold in the Carnegie mills in this city and at the time desired the men will come out. They are pressing their advantages at McKeesport and Wheeling and their organizers are still at work in those two cities.

Officials of the National Tube Company and Mayor Black clashed today over the question of protection for non-strikers and property. A large crowd of strikers assembled around the works this morning and their pickets intercepted tube workers on their way to the mills. There was some excitement and the mill officers claimed that their men were being threatened and in danger of violence, and called on Mayor Black to clear the streets and protect them. The mayor said that he would only interfere to stop actual rioting and assault. Two other appeals were made to him later in the morning but he insisted that there was no danger of an outbreak.

Tillman Speaks at Chester. Chester, S. C., August 10.—Senator Tillman, along with other political leaders of this State, addressed a meeting here today. Senator Tillman argued and pleaded that McLaurin was not denied the right of entering the primary. He does not believe Senator McLaurin will ever make the race, and he does not, he said, want McLaurin to have the excuse that he could not run.

Drowned by a Cloudburst. Lexington, Va., Aug. 12.—Assistant Postmaster John G. Pole, and his family, while attempting to cross a mountain stream about six miles from here, were swept down by the waters of a cloudburst yesterday afternoon, and his wife and three daughters, aged from 1 to 8 years, were drowned. Mr. Pole and a daughter about three years old escaped. The bodies were recovered.

Says Son Was Kidnapped. Cumberland, Md., Aug. 11.—William Hiles, a well-known farmer, reported to the police at Hancock last night that Chester, his 15-year-old son, had been kidnapped. He charges a man whose home was formerly at McKeesport, with the crime, and alleges that the man is using the boy to assist in carrying on thieving operations.

Driven Insane by Uncle Tom. St. Paul, Minn., Dispatch. Thomas Mallay, an old-time actor, who had for many years played in "Uncle Tom's Cabin," was today committed to an insane asylum. Mallay had had so much of Uncle Tom that it affected his brain, and he now imagines that Simon Legree is constantly pursuing him with bloodhounds. It is not on record that he ever played the part of Eliza in the piece, but he seems to have gotten the characters mixed.

KILLED ON THE SOUTHERN'S TRACK.

Jake Garrett was Kneeling on the Spot Where his Child was Killed.

Asheville, N. C., Aug. 12.—Jake Garrett, a white man living near Paint Rock, was killed this evening by the Seaboard train on the Southern between Hot Springs and Paint Rock. He had been to Marshall where he had a case in court suing the road for killing his little girl. The case was not to come till the last of the week, so he started home on the 3 o'clock train. He had a ticket to Hot Springs, so the conductor says. The conductor put him off twice after leaving Hot Springs, but he claims that it was at a station each time.

The engineer on the 7 o'clock train saw him kneeling with his head on the rail at the very spot where his little girl was killed, but he was unable to stop in time. Garrett's head was badly crushed and his left ear cut off. He was brought to Hot Springs and left in charge of physicians who said he was dying and would not live twenty minutes.

An Old Pastor.

No man in the capital city of the State of Ohio is better known than the Rev. James P. H. Holliday. For many years he has been the successful pastor of the Second Baptist Church of that city. Every day his venerable figure and kindly face may be seen on the streets of the city where he has labored for so many years. What a history of benevolence and self-sacrifice might be written simply giving the details of the every-day life of this faithful pastor and eloquent preacher.

But old age comes to the best of men. The rheumatic peculiar to advanced age had already begun its insidious ravages when it became necessary to find a remedy, if possible, that his days of usefulness might not be shortened. An efficient nerve tonic that would stimulate the circulation, improve the digestion, and increase the vigor of his whole system, was needed. The only remedy capable of meeting all these indications was found to be Peruna. In a recent letter to Dr. Hartman, he states:

"My attention was called some time ago to your medicine for rheumatic troubles by Mr. Cook, an old reliable druggist of this city, and take pleasure in saying that I have tried them and found them good. It is my opinion that the remedy, Peruna, is justly entitled to the name which it has throughout the United States. Address The Peruna Medicine Co., Columbus, O., for free catarrh book.

Seek Relief!

The great proportion of women who suffer never make a serious effort to benefit themselves. The most of them go on paying no attention to their little nervous disorders, believing they will eventually wear off. They grow worse and worse every day. At the period of menstruation a woman is peculiarly susceptible to cold and other external influences and it is also the most favorable time for the development of bodily diseases which may be lurking in the system. Any physician knows that disordered menstruation, falling of the womb and leucorrhoea are brightening lives in almost every home. No woman should neglect her health a moment after she sees indications of female disease. Almost instant relief can be secured by the use of WINE OF CARDUI. It will relieve you right in your own home. Will you accept the testimony of Mrs. Bejiger and thousands of other women and really seek relief today? All druggists sell \$1.00 bottles of Wine of Cardui.

STRICTURE

When neglected, almost invariably results in a score of serious complications, frequently causing chronic poisoning resulting in death. Stricture, even when slight, weakens the whole urinary and genital organs and the whole nervous system. The ordinary methods resorted to for a cure are not only exceedingly painful, but frequently cause disorders as serious as the stricture itself. Dr. Hathaway's method is a simple, safe, and effective one. It is permanent and all complications of the stricture are removed. This method of treatment and cure of Stricture is exclusively used by Dr. Hathaway. Dr. Hathaway, by a similar method, cures Varicocele without operation. All Sexual, Urinary, Nervous, Blood and other diseases of a chronic nature are treated by him by his exclusive system, which has 25 years of office use as proved irrefragable in its results. Write to him or call at his office for a copy of his new 64 page book and self-explaining symptom blanks, and for free consultation and advice. S.
